

LED FLOOD FIXTURES

Energy Harness™ LED Flood light fixtures are designed to replace metal halide flood light fixtures with clean bright light for secure illumination. These fixtures have an excellent optical design, optimal cooling heatsink, even light distribution, and great heat dissipation for longevity. Give your fixtures a modern look while upgrading your light output, all while reducing your energy cost!

Energy Harness LED Flood light fixtures are available in a variety of sizes and wattages to meet your lighting needs. Great for parking lots, walkways, sign lighting, accent lighting, pedestrian crossings, high security areas, side walks, and entrances or exits. Includes adjustable mounting bar for easy installation. Upgrade your fixtures today and start saving now!
