

LED Yard Light Fixture

Energy Harness® LED Yard lights, also known as barn lights or security lights, are great replacements for traditional security lighting. They provide clean, bright light exactly where needed, do not require the use of ballasts, and are fitted with a twist-lock photocell for dusk-to-dawn applications. These lights can be mounted directly onto existing bull horns or wall mount brackets. With an easy installation and a dusk-to-dawn photocell, these lights are perfect for upgrading existing security lighting!

Applications

- Barns
- Doorways
- Parks

- Walkways
- Docks
- More!
